Proud Boy here.

▼

Seriously. We don't have a plan like that. Our only plan is stop being a cuck, stand your ground, defend freedom, and let other men know it's okay to be a man.

What Enrique did was sacrifice himself for his brothers. He showed us that he wasn't afraid and wouldn't back down.

"Any Australians 🇺🇸 watching: ring your federal MPs and tell them how pissed off you are about the anthem change. They are too but need you stiffen their spine. People who have spoken out against it so far ring them and give them support: Sen Matt Canavan, (QLD), Sen Sam McMahon (NT), Hon Mark Latham (NSW state)."

▼ Hey, buddy.

Yeah, it sucking fucks about the anthem change, but I still remember sitting in the quadrangle at school as a wee tacker when the line changed from "Australia's Sons let us rejoice" to "Australian's All let us rejoice" and they had a big banner up with the new words and everything. Hell, it wasn't even the anthem for many years (it was God Save the Queen).

Having had to deal with pollies, all the way through to Federal cabinet and shadow cabinet, I'd say pick your battle on this one.

Biden didn't do any tweeting or rallies they just crossed the rubicon and straight up stole the election.

The winner is the one who is inaugurated on 1/20 and the other side has shown they are willing to lie, cheat, steal, go to war, burn the constitution and rig elections to take power.

Call them evil if you want but they are not "losers."

Trump needs to wake up and TAKE ACTION, because having rallies doesn't mean shit if the other side has already gone to war.

Trump and us can save us.

He has to trust us that we back him 100% with Martial Law and invoking the Insurrection Act due to multiple countries blackmailings and bribing key figures in the US to steal this election and inject Biden as the winner.

Martial Law, seize MSM, social media, texting and phone systems, lock down the country and arrest 90% of the politicians including governors etc.

Military trials the works.

Anything less is a half measure and will most likely not carry the day.

1 I was there. The crowd was so big that you couldn't see where it ended... besides the actual edge of the crowd. Maybe that has to do with me being 5 foot 2 but you get the jist. At 6:30 (much later than this video was taken) there were cars backed up on multiple roads for a couple miles, and the direct access roads were blocked off within a mile of the airport, so many people had to walk. It was the first time I ever saw Trump in person! He was so cute. Hopefully a better view will be available on the 6th. I also learned that a high standard of handsomeness is necessary to become a secret service agent. A "plain" clothes agent mounted the hood of a tractor trailer and roared orders at the crowd after the event ended... I said "YES SIR!!!" 🤩

As for Pence?

Make them question everything.

Denounce your own in the light. Scheme with them in the dark.

When you're both ready, strike.

Also, Pence was as swampy as it gets. I think GEOTUS chose him because his faith is strong and redeemable. I could be wrong. So could you. We'll see in a couple of days.
